Disgraceful Prize Fight.

PITTSBURG, June 1.—The Ryan and Goss prize fight, for $1000 a side and the heavy weight championship took place this morning at Collier's station, West Virginia, and resulted in a victory for Ryan after 86 rounds of a hard fought battle. Ryan was the first to put in an appearance, reaching the ground at about 5 o'clock. He was accompanied by his trainer Johnny Roach and one or two others. He walked straight up to the ring and was greeted with cheers. He advanced and looked at the square ring, and addressed the crowd by saying, "This is the first time I ever saw a prize ring. I hope Goss will show up and will have a fair fight." About an hour afterwards Goss made his appearance. His seconds Dave Jones and Billy Crowly, and Ryan's were Jack Connely and John Hines. They sparred nervously at first, and in the first round Goss dropped to avoid punishment. Ryan got first blood on the mouth of Goss and the fight continued with varying success until the last round, although Ryan continued without much tackset to pound Goss heavily and to fall on him when they clinched. Goss' favorite tactics were to fall to avoid blows. Goss' friends made several claims of foul which were not allowed. On the 86th round Goss' seconds would not allow him to come to time. Time of battle, 1 hour and 27 minutes.

The South Carolina Democratic Convention.

Outrage in Arkansas.

LITTLE ROCK, June 1.—Gov Miller received a dispatch from Texarkana yesterday advising him that a mob attempted to take from jail and lynch a negro arrested for attempt at rape. Friends of Cromwell, the prisoner, fired on the mob. The fire was returned and eight persons are reported wounded, some fatally it is supposed. The prisoner had been previously removed to jail at Washington, the sheriff apprehending danger.

Twin Conventions in Maine.

BANGOR, June 1.—Greenback and democratic state conventions, each independent but working harmoniously, met in this city to-day. The greenbackers nominated Harris M Plaisted for governor, passed the usual resolutions, and elected delegates to Chicago, instructed for Solon Chase. The democrats elected the following delegates at large to the Cincinnati convention: Darius Alden, John B Redman, Arthur Sewall, Dion Bradbury. The democratic convention ratified the nomination of the greenback convention for governor, Harris M Plaisted. The committee on resolutions submitted majority and minority reports. The minority report favored a local option liquor law. This created intense excitement, so that the speaker was totally unable to keep order. After arguing pro and con it was finally decided to lay it on the table. The convention voted to leave the selection of presidential electors in the hands of the democratic state committee, who are to act in conference with the greenback state committee. The convention adjourned sine die without adopting resolutions.

IN DESPERATE STATE.

Reign of Terror in New Mexico—Severe Charges against Gen. Hatch, etc.

TUCSON, May 31.—O. R. Symth, superintendent of the N. M. & L. Co, from Tucson to Mesilla, N M, is here from Silver City. He states that the whole country surrounding Silver City is in a state of terror and demoralization. Victoria and his band of not less than 350 warriors made up of Apaches, Mescaleros, Comanches and Navajoes are spreading death and destruction before them. The troops under Gen Hatch appear to be powerless. A volunteer company of 50 men are equipped, mounted and rationed by citizens of Silver City to aid the military. This company under Capt E V Price reported to Hatch at the Magellan mountains some days ago offering their aid. In response to this offer they were informed by Hatch that the citizens had better attend to their own business and that he would take care of the Indians. At that time the San Francisco valley was being desolated by Indians and settlers fleeing for their lives. Not less than 22 people were killed. When a prominent officer of the Arizona command sent word to Hatch that by a certain movement he (Hatch) could corral Victoria in Box canyon, Hatch refused to co-operate and Victoria escaped. The people of Southwestern New Mexico are very bitter against Hatch. Upwards of 200 citizens have been killed in New Mexico by this band during Hatch's campaign of the last three or four months. They also claim that he has been defeated in every engagement with the Indians, and has sent reports to military headquarters most outrageously falsifying the real position of affairs in his department.

CONGRESSIONAL COMMENT.

The Sundry Civil Bill—Adjournment—Etc., Etc., Etc.

[SPECIAL TO THE OREGONIAN.]

WASHINGTON, May 31.—All fears of business of the house being stopped for want of a quorum during the time of holding the Chicago convention were dispelled to-day. The sundry civil appropriation bill was taken up about noon for revision of the work of the committee of the whole and on the first roll call 170 members voted, being 23 more than a quorum. The bill was finally passed with but one change in the Pacific items heretofore reported. The action of the committee of the whole in adopting Delegate Downey's amendment to require the secretary of the treasury to pay out all the money appropriated by the bill, [illegible] $74,000,000, in silver coin, was ratified by the house by a vote of nearly 2 to 1.

Secretary Thompson has to-day written a letter to the senate committee on appropriations strongly recommending [illegible] the item in the bill for the Mare Island dry dock from $[illegible] to $500,000. The senate will very probably act favorably on this recommendation.

The late [illegible] generally assigned to democratic [illegible] adjournment is [illegible] inst. but although the probabilities [illegible] to favor an adjournment before the assemblage of the [illegible] convention [illegible] well informed members of both houses predict that [illegible] will remain in session until about July [illegible].

Grant's Strength Decreasing—Indications that Sherman Will not Fall Heir to the the Ex-President's Votes

Edmunds's Chances Looking Up

Conflicting Reports as to the Movements of the Managers of Both Sides

The Latest—Conkling, Cameron and Logan with their Forces Stand in for Grant

ETC., ETC., ETC.

SPECIAL DISPATCH TO THE OREGONIAN

CHICAGO, June 1.—There is great danger of a quarrelsome explosion of the convention in consequence of the defeat of Grant's nomination which seems more probable than ever to-day. Conkling, Cameron and some other Grant leaders conscious that they have lost control of the convention are apparently disposed to have it destroyed by [illegible]. Senator Jones, who is laboring earnestly in the interests of peace, was selected this morning to see Cameron and endeavor to agree upon some satisfactory basis for conciliation. If Cameron persists in his refusal to entertain the anti Grant resolutions moved yesterday thirty of the forty-seven members of the national committee have agreed to depose him from the chairmanship to-day. The committee is now in session.

The mulish attitude of the Grant men is supposed to have for its motive a desire to make terms which shall include the defeat of Blaine whose friends claim as evidence of their own moderation the fact that they postponed their proposed action against Cameron until he should have the night to review the situation, and find some more harmonious solution of the difficulty. While it is by no means certain yet that Blaine will be nominated the indications are that he is gaining much positive strength hourly. His danger, if any, lies in the obstinate adherence of Sherman, Edmunds and Washburne men to their respective favorites. This might be fatal to Blaine if the ultra Grant men can succeed in so dividing and distributing their forces among other candidates as to prevent a majority for Blaine until the convention is exhausted by numerous ballots. This game is fully anticipated by Blaine's friends who are discreetly but not defiantly firm in tone and conciliatory in manner, profess to be confident that the popular sentiment for their favorite as admitted by numerous delegates who come here pledged to other candidates will enable them to reverse the practice of killing the strongest candidate for the sake of some weak one. It is known that at least two additional New York delegates will join the 19 protestants against Grant, and another, making 22 in all, is expected to join them in the critical moment.

The excitement which seemed to prevail in the city last night is exceeded by the excitement of to-day. It having been announced that at 11 o'clock an adjourned meeting of the national committee would be held and that a further refusal of Mr Cameron to entertain another unit rule resolution would result in his immediate decapitation, a rush was made for the vicinity of the committee rooms where the question at issue is now being widely discussed. There are two opinions among the majority of the committee. The one led by ex-Senator Chaffee is for the removal of Cameron at once, a radical change in all the committee; the other is held by such men as Governor Jewell of Connecticut, who will only consent to the removal of Cameron upon the refusal of Senator Conkling and other Grant leaders to promise not to seek to enforce the unit rule in the preliminary organization. If that pledge were given, then Mr Cameron and Secretary Keogh were to be left undisturbed. If refused, then the conservative men would vote with the radicals for removal. The majority are determined to get a view of the roll of members and see that claimants for seats are not adverse to the interests of the opposing candidates. As they are now in possession of the hall they feel able to command the situation.

Adjournment of the national committee has been taken until 1 P. M. It is reported that Conkling, Logan and Cameron met the committee and conceded everything the anti Grant men demanded. W. E. Chandler had been selected by opposition to take Cameron's place. It now remains to be seen what will be done since the concession made by the senators. Members of the committee say that in the meeting proper, no vote, not even one that may be considered as indicating the relative strength has yet been taken.

Meeting of Veterans—Grant Endorsed by a Doubtful Vote.

[CHICAGO, June 1.—The Union veterans met at Haverly's Theater this morning in the interest of the candidacy of Gen Grant. Gen Stewart L. Woodford was made chairman, and several rousing speeches were made. Lieut Gen Sheridan was loudly called for, but only bowed and made no speech. Resolutions were adopted declaring in favor of the principles of the republican party, demanding equal rights, protection of republicans in the south, and that Gen Grant was the choice of the meeting for president. The latter resolution met strong opposition, Brutelle of Maine, Congressman Burroughs and others opposing it as unwise and tending to divide the republican party. The vote was close, but the chairman decided that it was carried amid cries of "No, no."

Conkling Carries his Point with the New York Delegation.

To night at least twenty-three Pennsylvania delegates will publish their determination to oppose Grant's nomination, despite the unit rule.

Conkling made a long speech to the New York delegation to-day supporting the unit rule and carried a resolution directing him to cast the seventy votes solid for Grant, despite the protest of twenty three delegates who voted against the resolution and will not vote in the convention to which the whole question will be referred. The Pacific coast delegates including Washington and Wyoming territories have consolidated for united action on the Chinese question. They still stand solid for Blaine, and have strong hopes of his nomination.

The session of the New York delegation over the unit rule was long and stormy. Conkling insisted that the state would vote as a unit and refused to believe in the authenticity of the signatures of the manifesto mentioned in last night's dispatches until personally assured by the various signers that they had actually signed it. He made personal appeals to the so called kickers with the exception of four whom he warmly accused of perfidy, and who responded as warmly in their own defense. Finally after four hours session a vote was taken on the question of sustaining the unit rule and the vote stood 45 for and 23 against, not voting two.

The Day's Work—Grant's Chances Waning—The Unit Rule Broken Down, etc., etc.

CHICAGO, June 1.—There is little change in the situation to-night except that Blaine's promised vote on the first ballot is believed a ready largely increased and many accessions to Washburne are promised, conditionally if Blaine's nomination should fail. Grant's vote has been so much diminished that it is believed that he would be withdrawn already except for the conviction that the Grant managers can hold the vote together to any considerable degree in such event. Edmunds's vote is also increasing, but is hardly sufficient yet to justify much hope of success. While I do not share the extreme confidence in Blaine's nomination, his forces remain wonderfully compact, their bold, earnest and enthusiastic spirit and perfect organization give them great promise of victory unless some new and unexpected element enters the canvass.

Don Cameron's act in yesterday's position in the national committee under advice from Senator Jones and others has avoided all danger of disaffection in the convention. The committee agreed unanimously to accept Hoar for temporary chairman of the convention and to allow all subsequent controverted questions to be settled in the house itself. This destroys the unit rule and takes from Grant about sixty votes in New York, Pennsylvania and Ohio alone. The scene of excitement here is indescribable. The city is crowded with visitors, and movement about the great hotels is very difficult for the throngs.

Movements of Grant leaders about the Palmer House this evening gave rise to much query and when Cameron, Conkling, Logan and a large part of their following assembled in one room at 10 o'clock to-night, curiosity was redoubled and the activity of correspondents was largely increased. From [illegible] which have leaked out it is known that the Grant managers are much less confident of securing the nomination on the first ballot. In fact they are pretty well convinced that they cannot succeed at all. If they should not at all, should fail [illegible], then the [illegible] It is stated with much circumstantiality that Grant leaders have decided to throw the vote which they control [illegible] for Edmunds. [illegible] that in [illegible] Edmunds as against any other and two of [illegible] ultimate object, although Grant men [illegible] strong front and claim that they have [illegible]

The friends of Sherman and Blaine on the other hand express [illegible] that they have made gains other than those in New York and Pennsylvania.

The rank of republicans [illegible] this afternoon [illegible] Kansas [illegible] to allow [illegible] Utah, Kansas and West Virginia.

It having been announced that Massachusetts would cast [illegible] the first ballot for Sherman

[illegible] voting [illegible] for Blaine [illegible] that they will [illegible] on the first ballot for Blaine.

CHICAGO, June 1—2:30 A. M.—The Grant managers meeting, [illegible] composed of [illegible] whom 316 were delegates to the national convention. They claim this does not [illegible] the strength, although they do not claim [illegible] a nomination on the first ballot. [illegible] was said at the meeting of [illegible] compromise but on the contrary a determination was expressed by the two speakers to tie [illegible] Logan to stand by Grant. They spoke in [illegible] of [illegible] his nomination.

The Blaine delegates also held a caucus. They set up a claim of 300 on first ballot with a probability of subsequent gains.

Ex-Secretary Boutwell admitted to a reporter to night that his count left Gen Grant 30 or 40 short of a majority.

Senator Bruce Proposed for Vice President

Senator Bruce was serenaded at the Palmer House to-night by his colored friends among the delegates representing all the southern states. They were enthusiastic in their expression in favor of his nomination as vice president. He made a brief speech from the rotunda of the Palmer House. Geo Williams of Cincinnati responded in his behalf in an eloquent speech full of compliments for the manner in which Senator Bruce has represented the colored race in congress. There seems to be a determination on the part of the colored delegates to present the name of Senator Bruce in the convention for vice president.

THE SITUATION AT WASHINGTON

Legislation a Secondary Matter—Views on the Pending Struggle

SPECIAL TO OREGONIAN.]

WASHINGTON, June 1.—Very little interest in legislation is felt at the capitol just now. Congressmen of both parties generally occupying one half of their time in discussing the situation at Chicago and the other half in trying to learn something of what is going on there. The prevalent expression here this evening is that the third term movement has lost strength immensely during the last two days and that the defeat of the ex-president in the convention is highly probable, if not almost certain. Blaine's friends claim that he gains new strength with every defection from the Grant forces, but the feeling between the champions of the rival candidates is so bitter that grave doubts are expressed by expert politicians of the success of either of them. Conkling's hatred of Sherman is well known and the senator from New York has said within the last month that he would not in any contingency assist Sherman in New York. Windom is believed to be the second choice of the Grant managers for president, although the name of the senator from Minnesota was originally mentioned to prevent the Blaine men from capturing the delegation from that state. Windom, it is thought, will be supported earnestly by Conkling and Logan, if they are compelled to abandon their favorite.

CONGRESSIONAL.

The house bill was taken up to authorize a compromise of claims of the United States under the will of Joseph L. Lewis, of Hoboken, who devised about $1,000,000 toward paying off the public debt. It recites the controversy in the case and authorizes the attorney general and secretary of the treasury to adjust or compromise the claim on such terms or conditions as shall be deemed by them fair. The bill passed.

The sundry civil bill was received.

The senate insisted on an amendment to the legislative bill and agricultural bills and committees were appointed.

Various amendments were variously disposed of and the bill having been read through, the senate adjourned.

Ewing favored it.

It was agreed to by a vote of 67 to 42. Dwight's amendment was lost.

They are I R Donnell, late assessor; G A Botsford, ex-deputy sheriff and tax collector; F W Craig, ex-auditor; A G Lightner, the present county clerk; and J Forentain, ex-deputy sheriff and tax collector. It is rumored that others will be arrested. Donnell is in jail in default of $5000 bail. All others are bailed. The trials begin to-morrow. Wm E. Robinson, brother of Todd Robinson, of San Francisco, is employed as county expert, and Col George Flournoy of San Francisco is here under employment of the supervisors to assist in the prosecution.

Row between Mines Settled.

BODIE, June 1.—Differences between University and Maryland Co., mining companies have been adjusted upon a basis satisfactory to both companies. The University people have removed a bulkhead which they had placed in the Maryland crosscut, and the Maryland will proceed to develop valuable ledges recently opened by them. Concert of action will be observed between the two companies and the Queen Bee Co., and it is probable that the entire ground embraced in the three properties will be the subject of equitable division. All legal proceedings commenced in the matter have been withdrawn. The *Free Press* will to-morrow morning contain a detailed description of recent rich discoveries in Noonday and North Noonday mines. On the 512 level a large body of ore rich in silver and gold, has been opened. It is regarded by leading mining men as the most important development since the rich discovery in the Bodie mine.

VIRGINIA, June 1.—Dr Bronson reports the crosscut of the west 200 foot level of Quinn eight feet into a ledge. He has to-night sent to San Francisco specimens of ore which are rich in ruby silver, stefanite and sulphurets.

Seattle Items

SEATTLE, June 1.—A heavy frost on Saturday night last did considerable damage to fruit and crops in the interior.

Ten thousand eight hundred and fifty four tons of coal were shipped from this port during the month of May to San Francisco, making a total shipment since Jan 1st of 5[illegible],381 tons. In addition, 8008 tons have been consumed by local trade.

Work is progressing rapidly on the Seattle trail to the Skagit mines which will soon be completed. Several additional pack animals were taken up the river on the last steamer for service on the route.

Memorial Exercises at San Francisco

SAN FRANCISCO, May 31.—The Grand opera house was packed full last evening on occasion of the literary and musical exercises which closed the celebration of memorial day. The building was beautifully decorated for the occasion. The fourth artillery band and the Campbell quartette furnished music. Rev T K Noble, chaplain of the G A R, addressed the audience briefly. Miss Addie L Ballou delivered a poem and Mrs Marriner Campbell sang the Star Spangled Banner. Major Gen W H L Barnes was the orator of the evening, and in the course of his remarks he [illegible] Kearneyism sharply for its un-American tendencies while upholding the right of labor to its just reward. SPECIAL TO THE OREGONIAN

[illegible], May 31.—[illegible] at an [illegible] the [illegible] managers of Chrysolite [illegible] the strikers that [illegible] [illegible] were entering [illegible] in a state of [illegible] protecting property to the last. Several secret meetings were held [illegible] Saturday evening and it [illegible] learned of the proceedings. There was great excitement and managers notified the county authorities that the county would be held responsible for any damage or property. At a meeting of the county commissioners on Saturday it was determined to take prudent measures and accordingly Sunday morning Sheriff Tucker issued a proclamation calling upon all able bodied citizens to be ready to assemble with arms on bugle call. The managers of the principal mines put the question to Mooney, chief of the strikers, as to whether his men proposed to attack the men who went to work at the old rate. He replied no, and that an attack had never been seriously contemplated and that he would assist in arresting any disturbers. This statement was put in writing and signed by Mooney and his lieutenant, Baker. Work was resumed on Little Chief and Chrysolite this morning, both mines having all the men they can work. It is charged by many non-striking miners that the strike was inaugurated by Mooney for the purpose of black mail and that he received $500 for backing down. Much indignation is felt against him and threats of hanging are freely made.

THE TICKETS

Nominations for State, Judicial, Legislative and County Officers

A Suitable Table for Use in Figuring up Election Returns

THE OREGONIAN presents below the names of republican and democratic candidates for state, senatorial, legislative and all county offices as far as such nominations have been received here. The list is complete except the democratic nominations for Tillamook county which by some oversight have not appeared in print and have not been received by the secretary of the democratic state central committee. Omissions of the names of candidates for a few minor county offices will be observed. These omissions occur in the tickets published in the local papers, and probably no candidates have been presented for the offices left blank.

Fifteen senators are to be elected to hold four years and two senators, one from Benton and one from Marion, to hold two years. The latter are to fill vacancies created by the resignations of John Burnett of Benton, and W. P. Lord of Marion. Of the fifteen senators holding over eight are democrats, and seven republicans.

It will be well for those interested in the coming election who desire to figure up results from partial returns to preserve the tables published below. The first telegraphic returns to THE OREGONIAN will contain only names of candidates from the various counties. The offices to which they aspire and their politics can be readily ascertained by reference to the tables.

THE COURT AND JUDGES

If success at the bar is a test of fitness for the judgeship the candidates of the democratic ticket certainly have no advantage over their opponents The latter though all three of them are younger men than either Kelly Prim or Burnett have all been more or less successful in the practice of their profession while the democratic candidates have spent their lives without the success which many a young man achieves in a year or two after he is admitted to the bar The time of Judges Kelly and Prim when not engaged in official duties has been mainly devoted to politics and not to the law In a knowledge of political wire pulling the older men are the more experienced, but in that which is supposed to fit a man for the judgeship the younger are their superiors The attempt of party organs to assail the character of Hon W P Lord has made friends for him everywhere where he is known, as all acquainted with him know him to be a man of unimpeachable honesty and integrity. In Salem, where he has resided and practiced law for half a score of years, he is universally regarded as one of the ablest attorneys in the capital city and held in high esteem in social life.

Against Hon. E. B. Watson the same organs can find no charge, even in their own depraved imaginations, except that he is the county clerk of Jackson county, ignoring the fact that the late Hons J. G. Wilson and Geo. E. Helm, both very able lawyers, the peers in their day of the best in Oregon, each resigned a lucrative practice to accept positions similar to that now held by Mr. Watson and that Watson only accepted the clerkship of Jackson county at the urgent solicitation of the republicans because the county was so largely democratic that it was impossible to elect any republican except the best and most popular man in the party in that county.

As to John B Waldo neither his record in public and private life nor his ability have been seriously assailed. He stands high in social circles, unmixed with partisan politics, a good lawyer, a close student, and will make an able and upright and an impartial judge.

We have heard friends of Judges Kelly and Prim, democrats, men who will vote for them, say they believe that, in one or two instances, the judges had allowed their personal predilections to warp their construction of the law, or that the personal friendships of the judges had influenced the decisions of the court, but they did not "believe Kelly or Prim could be bought Admit it and still the fact that personal friendships may bias the construction of law by the supreme court of the state would be a most dangerous condition. The stranger or the humble ought to stand on an equal footing with the acquaintance or friend and the influential. It is truly said that the supreme court is wholly a court of law, and in its adherence to law as the final arbiter upon the rights of men's lives, liberty and property is the only safeguard of the perpetuity of the commonwealth. No bias for a personal friend nor against a personal enemy of the judges, or either of them, ought ever to be felt on the bench. With men of the character of Messrs. Lord, Waldo and Watson, chosen by the people to this high place, we believe there will be no wrong decisions "influenced" out of the court, even by the most influential of their many friends

THE ASSESSORSHIP.

It is understood that in case Byron Holmes should be elected assessor of this county, he will deputize Chas. Schramm to do the work of the office The *Sunday Welcome*, a democratic paper in this city, claims that Schramm's "great experience" has been mainly instrumental in the excellent assessments which have been made during the past two years and says "Schramm claims that he was not sufficiently remunerated for his services, and is therefore running independent to defeat his former employer." This shows the kind of a man Schramm is. But let us examine the facts In 1878 Mr. Schramm was deputy assessor under Mr. Barnard at a salary considerably less than Mr. Sears paid him in 1879, which was $120 per month, and more than Schramm received from any of the former assessors by whom he was employed He was quite as responsible for the assessment made in 1878 as for that of 1879, but under the care and energy of Mr Sears the assessment was increased as follows Acres of land, 2824, value of land, $18 595, lots $10,405, improvements, $352 670, merchandise, $73 010; money and notes, $221-675, number of horses and mules, 194, value, $7865, number of cattle, 310; value, $3555, number of swine, 539 value, $743, gross value of all property, $711,650, indebtedness, $822,050, exemptions, $35 405 While Schramm in 1878 collected $750 poll tax, Sears in 1879 collected $2240 poll tax or within $10 of three times as much as was collected the year before. While the increase in the values of some of the species of property assessed is to be attributed to the enhanced market value, no such claim can be made in reference to other items in which an increase is shown For instance, there were quite as many acres of land in the county in 1878 as there were in 1879, but the assessment of the latter year shows 2824 more The amount of poll tax collected in the latter year so much above that of the former shows the energy and efficiency of Mr. Sears. The increase of the money, notes, etc., as shown by Mr Sears' assessment indicates that he discovered and placed on the roll a larger proportion of this class of property than had paid taxes before, and because he did this and did not pile up the valuation on the smaller homes of poorer people, a few, and very few, wealthy men desire to get a man of their class into the office and to defeat Mr Sears Our relations with the democratic candidate are entirely friendly, but none who know the two men can honestly claim that Mr. Holmes is qualified to discharge the duties of the office as they have been performed by Mr Sears who holds Schramm's receipt in full for all services which the latter has performed for him Schramm has been trying to get the office of assessor in this city and county for a long time, and whenever the people get a chance they squelch his aspirations in that direction with great unanimity, nor is he more likely to get in under the name of Holmes than of Schramm

---

Inasmuch as the Grand Army of the Republic has no more to do with the political contest now going on in this state than has the Knights of Pythias or the order of the Odd Fellows and as hundreds of foreigners belong to the organization, the attempt of the democratic organ in the city either to mix the G. A. R. in politics or prejudice foreign born citizens against is one of the weakest and silliest campaign dodges we have seen for a long time. We could name dozens of men in this city, born in a foreign country who are members of the Grand Army, some of them democrats and some republicans A member is no more controlled by his connection with the organization than it is by being a member of the Masons or Odd Fellows

---

Dr. Plummer and Hons. J D Biles and [illegible] Kelly are too well known throughout the county to need any introduction They were chosen to have served the county in the legislature a term each, and performed their duties honestly and well Dr Plummer as [illegible] one of the republican candidates is a man of good ability well versed in business matters and acquainted with the wants of the people

---

The republicans of Multnomah are not apathetic or indifferent about the success of their ticket as the democratic organ in this city tries to console itself by saying but on the contrary are united and evince more than the usual enthusiasm and determination to win With a continuance of the earnest work which has already been done the county will bear away the banner of republicanism on next Monday

---

The *Standard* asks who Payne one of the nominees on the republican ticket for representative is though its editor knows that Mr Payne is an enterprising citizen and a business man in East Portland proprietor of the foundry a man of the best habits honest and capable in every respect to make a first class representative, a position to which he is certain to be elected next Monday

---

The absurd unit rule is likely to meet the same fate at Chicago to-day which it has met in former national republican conventions It is nonsense to send seventy delegates from New York to Chicago if this rule is to be observed better send one man and save all the wrangling which takes place when all sections of the state are represented

---

Without proof to contradict suspicions, quite extensively entertained, the *Standard*, out of consideration for its candidate for sheriff, ought to have kept silent on the question of hanging Chinamen Sheriff Norden did not get much credit for the one who hanged himself, nor for the manner in which the execution of the other was conducted

6000 ACRES OF FARM LANDS.

FOUR THOUSAND ACRES IN A BODY ON the Willamette river and Westside Railroad in Polk County Oregon 70 miles south of Portland—of as fine grain land as can be found in the Willamette valley—two thirds of which is in cultivation the remainder timbered and pasture land (the timber being of a good quality of fir ash, oak and maple) all of which can be easily and cheaply put in cultivation if desired All well watered Located on different parts of said land are some 10 sets of farm houses, barns and a number of fruit orchards, with a fine large granary on one parcel The facilities for shipping are certainly ample having both the river and the railroad by which to transport to Portland.

ALSO 365 ACRES on said river in said county two miles above Independence No acres in cultivation the balance pasture and timbered land the timber being fir, oak ash etc, mostly bottom land with farm house barn, etc., and a good orchard all well watered

All of the above is susceptible of being divided up advantageously into a large number of good sized farms if desired

The whole will be sold in a body in one transaction or in separate parcels and at prices which will unquestionably meet the views of those seeking a remunerative investment in this class of property

WEATHER PROBABILITIES

WASHINGTON June —1:30 A M —For Pacific coast clear or partly cloudy weather

CITY

EAST PORTLAND RALLY —Neppach's Hall in East Portland was well filled last night at the meeting of republicans J N Saunders presided and introduced C A Dolph who made a forcible half hour's speech He was followed by Judge Loyal B Stearns who reviewed as fully as he could in an hour's address the history of the republican and democratic parties The speech was one of Judge Stearns' best efforts Dr F F Meyer and C J Curtis followed in short stirring speeches which were well received The former spoke in for a few minutes in the German language giving his fellow citizens excellent advice The republicans of the east side are awake and promise to give not less than 250 majority for the state and county ticket next Monday

BOLD BURGLARS —Last evening during the absence of Mr Higgins family living on Eighth street between Salmon and Main their house was entered and robbed of clothing and jewelry worth about one hundred dollars Mr Walter Niles Mr Higgins step son was the principal sufferer losing a good ly part of his wardrobe and a pair of cuff buttons specially valued The thief was considerate enough to leave the cuffs to which the latter were attached and singularly left many valuable articles untouched Malicious purpose however appeared in a general disarrangement of locks throughout the house The articles stolen can easily be identified

ONE OF THE INCIDENTS —At the Vancouver barracks the sons of the officers recently formed a company calling it The First Vancouver Rifles or Garrison Cadets under command of young Fred Sladen son of the genial aide to Gen Howard The cadets in uniform and carrying carbines appeared on the military parade ground with the detachment of the 21st infantry on decoration day during the review of the same by Gen Howard and staff and Gen Morrow The cadets then marched with the gallant 21st which took the head of the procession all under the command of Cap Evan Miles They appear to be chips of the old blocks

VALUABLE FARM LANDS —Attention is directed to the advertisement under the head of "New To-Day, by Mr J P O Lownsdale real estate agent of valuable farms and farm land, offered by him Judging from the location and from what we know of the quality of the land in that portion of the Willamette valley, we should pronounce it a very rare opportunity indeed for most profitable investment by those seeking such property The lands, also offered by him, on Gray's Harbor W T., must, at an early day become very valuable. Assuredly no fault can be found with the price at which this body of land may now be bought.

MECHANICS FAIR —At a meeting of the directors of the Portland Mechanics Fair last evening at the Pavilion the following officers were elected for the ensuing year President, Frank Dekum, Vice President Peter Taylor, Secretary, H. B Nicholas, Treasurer, Wm. S Ladd Superintendent E Oldendorf It was determined to begin the next fair Oct 7th and close Oct 23rd, 1880 A committee was appointed to report at next meeting upon the advisability of making an addition to the present hall.

CONTRACT LET —Bids for improving Sixth street from the north line of Jackson to the south side of Caruthers street were let yesterday afternoon at the auditor's office Blocks 187 & 29 28, 190, 194 31 32, 33, 34 to Perry Baker for 17 cents per cubic yard excavation 16 cents embankment, 32 cents sidewalk and 28 cents crosswalk Blocks 27 and 101 to Mc Freeney, bid 16 cents per cubic yard excavation, 32 cents sidewalk and 28 cents crosswalk.

TILLAMOOK ROCK LIGHTHOUSE —The U S lighthouse tender Shubrick succeeded last Sunday in landing five derricks a donkey engine and boiler, and other machinery and supplies on Tillamook rock The work of blasting has been completed and laying of masonry will commence about the 10th inst. The entire work has been prosecuted with unusual vigor and is at least one month in advance of expectations early this season

WHO WAS THE DONOR —Mr. J. C Moreland a few days ago received a package by express from San Francisco. Upon opening it he found it to contain a handsome Knight Templar's badge in gold and enamel, with his name inscribed thereon Nothing accompanied it, and Mr M is at a loss to know who the generous donor is.

LODGE ELECTION —Hope Lodge, No 1, A O U W, of this city, elected the following officers last night to serve during the ensuing term J A Knapp W M, F W Robinson G F A Y Hamilton O C P; Yates F Al Zelber R C P Yates Rec, S A More land, G., P. Schulderman I W J N James O W

NUPTIALS —Lieut Edward S Farrow, well known in military and social circles here was married on the 25th ult at Laurel, Delaware to Miss Clara daughter of Mr W W Dashiell.

RATIFICATION MEETING —The republicans will hold a grand torchlight procession and ratification meeting Saturday evening to ratify the nominations made at the Chicago convention

GRADUATING EXERCISES —The graduating exercises at St Helen's Hall will take place on Wednesday, 9th inst The exercises promise to be unusually interesting

WEST SHORE —The West Shore for the month of May has just been issued It contains several neat illustrations and is quite an attractive number

THE FAIRY GROTTO

This morning at 9 o clock the diagram of seats will be open to the public, and we heartily commend the decision of the managers as to limiting the number of reserved seats for each applicant to six Heretofore a genteel system of bulldozing in the selection of reserved seats has occurred on almost every occasion when the demand was great For instance at the sale of reserves for Esther one gentleman near the head of the row quietly marked off twenty two seats of course making all others [illegible] the end of the [illegible] to get seats for all his friends

Rehearsals are being taken place every afternoon and evening, and the advance [illegible] performance will be magnificent At all events an immense number of tickets have been disposed of and the prospects are good for two [illegible] of the season Those of our readers not already supplied with tickets had better [illegible] at D W Prentice's as [illegible] this [illegible]

NEWSPAPERARCHIVE®

The Daily Oregonian.

WEDNESDAY MORNING, JUNE 2, 1880.

THE NORTHWEST.

Eastern Washington.

Twenty-one buildings, including stores and dwellings, are being constructed at Spokan Falls.

A number of beautiful and commodious private residences have been built at Yakima City within the past year.

A new grist mill of first class equipment and proportions is soon to be added to the industries of Yakima City.

Col. Warner, of Kansas City, and N. T. Caton, of Walla Walla, will defend the Brumfield murderers. The trial will take place at Colfax.

Kittitass valley, Yakima county, is 35 miles long and 15 miles wide, and is one of the most beautiful and fertile of the many valleys of Eastern Washington.

The United Brethren of the Walla Walla conference will hold campmeetings as follows: Huntsville, June 10th; Centerville, June 25th; Anatone, June 25th; Chase's Mill, July 9th.

The Palouse *Gazette* will be issued daily during the next term of the Colfax court. It will contain a detailed report of the trial of Thomas and wife, the supposed murderers of Brumfield and wife.

The men engaged in driving logs down the Yakima suffer severe hardships, being almost constantly in the cold water. Many of them are becoming afflicted with swelled legs, sore feet, rheumatic ailments and other troubles consequent upon exposure.

Walla Walla *Union*: Last Tuesday morning, as an elderly man named Timothy Gately, who had been employed some time at the Milton mills, was helping to load a wagon with flour, a couple of sacks of flour fell from the high pile, and striking him on the back, near the shoulders crushed him to the ground, from which he was unable to rise. Dr. Mauzey was summoned and found that the man was paralyzed from the neck down. He died next morning.

Eastern Oregon.

The measles are raging in John Day valley. One death has been recorded.

There is some talk of starting a woolen mill in Grand Ronde valley. The locality is certainly a fine one for such an enterprise.

The story that Foster Reeves had lost 500 head of cattle in the snow proves to be utterly unfounded. They have thus far suffered no losses to speak of.

The road across the Blue mountains is rapidly improving. Freight teams can now carry their full summer loads over the whole length of the road.

An emigrant bound for the Yellowstone, attempting to cross Grand Ronde river near the mouth of Beaver creek lost in the swift current one horse and the entire contents of his wagon. Among other things he claims to have lost $3000 in gold coin, which he says was in a trunk in the wagon.

NEW YORK FREIGHTS AND MARKETS.

[SPECIAL DISPATCH TO THE OREGONIAN.]

NEW YORK, June 1.—The tonnage movement for the past month closed with the clearance of the Enoa Soule, and amounted to five vessels registering 8706 tons against seven vessels of 12,031 tons in the corresponding month last year. The total movement thus far this year amounts to twenty-two vessels registering 35,532 tons, against twenty-five vessels of 40,989 tons in the corresponding five months of last year, a very noticeable decrease, but which is attributable to a very dull state of the market during the past two months.

Tonnage on berth and committed for trade foots up eight vessels registering an aggregate of 14,012 tons, of which it is possible that six vessels will get away during the ensuing month. The freight market was quiet to-day and very little was doing.

The market is generally quiet. Breadstuffs are more active for export since May corners were settled and wheat has been taken freely, but there are more sellers than buyers at ¼@½ lower prices. Provisions are in better demand and steady. Rio coffee quiet, firmer. Refined sugars are in better demand; prices firm. Other articles of merchandise unchanged.

Swallowing
POISON

Spurts of disgusting mucous from the nostrils or upon the tonsils, Watery Eyes, Snuffles, Buzzing in the Ears, Deafness, Crackling sensations in the Head, Intermittent Pains over the Eyes, Fœtid Breath, Nasal Twang, Scabs in the Nostrils, and Tickling in the Throat are

SIGNS of CATARRH.

No other such loathsome, treacherous and undermining malady curses mankind. One fifth of our Children die of diseases generated by its Infectious Poison, and one fourth of living men and women drag out miserable existences from the same cause. While asleep, the impurities in the nostrils are necessarily swallowed into the stomach and inhaled into the lungs to poison every part of the system.

Dr. Wei De Meyer's Catarrh Cure absorbs the purulent virus and kills the seeds of poison in the farthest parts of the system. It will not only relieve, but certainly cure Catarrh at any stage. It is the only remedy which in our judgment, has ever yet really cured a case of Chronic Catarrh.

Cured! Cured! Cured! Cured!

IN THE TREATMENT OF ALL
CHRONIC AND DIFFICULT DISEASES

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease.

He has become an expert in the treatment of disease, weakness and derangement of the reproductive organs of both male and female, including diseases caused by the

FOLLIES OF YOUTH,

Such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two-thirds of all the Chronic Diseases spring, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit these diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored.

Catarrh, Bronchitis, Throat Diseases, Skin Diseases, Rheumatism, Kidney Complaint and all diseases of the Eye and Ear, Stomach and Bladder, he can cure without fail.

SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.
MIDDLE AGED MEN.
There are many at the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation free. Thorough examination and advice, $5. Call or address
